Course Title	Occupational First Aid
Maximum Number of Participants:	10
Duration:	3 Days
Certification	

Course details

Current legislation requires that each employer ensure the provision of an adequate number of first aiders at each place of work under the employer's control. The number of first aiders and the equipment available to them is based on the risks inherent in the work being undertaken. The legislation requires that first aiders receive training and certification of their competency. This course allows employers to fulfil their obligation under the legislation, it further allows their employees to become competent to deal with injuries requiring First Aid in their workplace.
