

## EGAN SAFETY SOLUTIONS

Unit 14, Lee Park, Sitecast Industrial Estate, Pouladuff . Cork, Tel 021-4966560, Fax 021-4966576

### **Risk Assessments**

As part of the preparation of a Safety Statement, all employers are required to identify and assess all risks, which are present in the workplace. In addition to this duty to carry out generic Risk Assessments employers are also required to carry out detailed Risk Assessments on specific tasks.

Such tasks include but are not limited to,

- Manual handling,
- Working with chemical agents,
- Working with machinery,
- Working at height,

To assist its clients in the correct completion of all Risk Assessments, Egan Safety Solutions offers its clients the services of its consultants in carrying out and preparing these Risk Assessments.

#### **Risk Assessment preparation**

A competent qualified and experienced safety consultant will visit your premises and in cooperation with your representative,

- Carry out an inspection of the workplace and identify all activities, which are being undertaken.
- Identify the tasks to be Risk Assessed.
- Identify those employees carrying out these tasks and others who may be exposed to hazards created during the completion of these tasks.
- Through consultation with employees, identify the hazards associated with each task being undertaken.
- Establish the level of risk which employees or others may be exposed.
- Identify any additional controls necessary to minimise the level of risk or needed to comply with the provisions of relevant legislation.
- Prepare a report detailing all of the above and including the completed Risk Assessment along with suggested controls, and deliver this to the client.

Should you require any further information, or wish to make an enquiry regarding the above, please use our [booking form](#)
