Course Title	Client specific programmes
Maximum Number of Participants:	N/A
Duration:	
Certification	

Course details

Egan Safety Solutions offer our clients assistance in developing and delivering in house training. Training forms an intrinsic part of every company's Safety Management System. Egan Safety Solutions recognises that the successful implementation of a company's safety policies must incorporate training specifically designed to meet the individual requirements of each company.

Egan Safety Solutions works with each client to develop a tailored programme which meets their requirements. Such a programme will focus on the particular elements of the clients company set against the overall legal background of the training material.

Objectives

On completion of the course participants will be able to:

- Explain the main elements of the policy which is being introduced,
- Explain the legislative background to the policy being introduced,
- Explain the measures which are being introduced in order to implement the policy,
- Explain the roles and responsibilities of all employees involved,

Programme

- Overview of the topic being discussed,
- Legislative background,
- Detailed description of the policy,
- Implementation of the policy,
- Roles and responsibilities of those involved,
- Ongoing communication and consultation necessary for effective implementation,
- Ongoing auditing and review of the implementation,
- Conclusion and discussion,

The duration of these courses will normally reflect the complexity of the policy which is being dealt with.
