Course Title	FÁS Safe Pass training
Maximum Number of Participants:	Minimum 8-Maximum 20
Duration:	Full day
Certification	FÁS Certification Card

Course details

The FÁS Safe Pass course was introduced throughout Ireland in 2001. The course was introduced to encourage the development of a positive safety culture in the construction sector in Ireland. Successful completion of this course is a requirement for all persons working in construction in Ireland. In 2006, the revised safe pass course was introduced. Eamon Egan of Egan Safety Solutions is an accredited tutor of this course and draws on his comprehensive Irish and International construction experience when delivering this programme.

Objectives

On completion of the course participants will have:

- An increased level of safety awareness particularly concerning construction safety,
- A knowledge of the generic hazards encountered in construction,
- Familiarity with the controls necessary to ensure safety whilst working in construction
