Course Title	Fire Safety Training
Maximum Number of Participants:	10
Duration:	Half day
Certification	

Course details

Under current Irish legislation, each employer is required to provide a sufficient number of appropriate fire fighting devices in the workplace, bearing in mind the physical dimensions of the workspace as well as the activities being undertaken. In addition to this, employers must ensure that employees have received adequate information about these devices and appropriate instruction and training in the correct selection and use of this equipment.

This course provides the necessary information to employees and also allows them to get practical experience in the selection and use of Fire Extinguishers.

Objectives

Upon completion of this course, participants will be able to,

- Identify fire hazards in the workplace,
- List basic precautions that should be taken,
- Select the appropriate extinguisher,
- Use portable Fire Extinguishers effectively,

Programme

- Principals of Fire
- Fire Prevention and Causes of Fire
- Statutory Requirements
- Evacuation Procedures
- Work Safety
- Home Safety
