

EGAN SAFETY SOLUTIONS

Unit 14, Lee Park, Sitecast Industrial Estate, Pouladuff . Cork, Tel 021-4966560, Fax 021-4966576

Course Title	Role of the PSCS
Maximum Number of Participants:	10
Duration:	Half day
Certification	

Course details

The role of the Project Supervisor for the Construction stage (PSCS) is a critical role in construction. There are significant responsibilities outlined by current construction legislation for the individual or organisation whom is appointed in this role. In order to ensure that the role is properly understood and that all duties are fulfilled, it is important that those undertaking the role of PSCS have a good understanding of their legal obligations.

This course provides comprehensive information on the role of PSCS to participants. It also assists participants in understanding the necessary interactions between the PSCS and duty holders under the Construction Regulations.

Objectives

On completion of the course participants will have:

- An in depth knowledge of the roles and responsibilities outlined under the construction regulations,
- A detailed knowledge of the responsibilities of the PSCS,
- Knowledge of the function of the safety file and the suggested contents,
